INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
The Seeing Eye, Inc.
(A New Jersey Not-for-Profit Organization)

Report on the Financial Statements

We have audited the accompanying financial statements of The Seeing Eye, Inc. (the "Organization", we, us, our), which comprise the statements of financial position as of September 30, 2021 and 2020, and the related statements of activities and cash flows for each of the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Seeing Eye, Inc., as of September 30, 2021 and 2020, and the changes in its net assets and cash flows for each of the years then ended, in accordance with accounting principles generally accepted in the United States of America.

**Notes to Financial Statements
September 30, 2021 and 2020**

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Organization:

The Seeing Eye, Inc. (the "Organization", we, us, our) is a New Jersey not-for-profit educational organization. Our mission is to enhance the independence, dignity and self-confidence of people who are blind or visually impaired through the use of Seeing Eye® dogs. In pursuit of this mission, we breed and raise puppies to become Seeing Eye dogs (or obtain them occasionally by purchase or exchange); teach instructors the science and technique of training Seeing Eye dogs as guides for blind and visually impaired people, instruct blind and visually impaired people in the proper use and handling of the dogs; conduct and support research on canine health and development; and inform the public about the role of guide dogs and the capabilities of blind and visually impaired people to live independently.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, at the date of the financial statements, and the reported amounts of revenues and expenses. Actual results could differ from those estimates.

[3] Basis of presentation:

Our financial statements, which are presented on the accrual basis of accounting, have been prepared to focus on our Organization as a whole, and to present balances and transactions according to the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:

- *Net Assets Without Donor Restrictions* – represent net assets available for use in general operations and not subject to donor restrictions. The Board of Trustees has designated, from net assets without donor restrictions, net assets for a long-term investment fund and Charitable Gift Annuity Fund.
- *Net Assets With Donor Restrictions* – represent net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

We report contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

[4] Operating indicator:

Our operating activities include all income and expenses related to carrying out our mission. Items not included in this operating measure are predominantly the investment return related to endowment and board-designated funds less the investment assets appropriated for operations, changes in value of split-interest agreements, gains/losses on beneficial interest in perpetual trusts held by others, and pension and postretirement-related changes other than the service component of net periodic pension and postretirement cost.

THE SEEING EYE, INC.

**Notes to Financial Statements
September 30, 2021 and 2020**

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[5] Cash equivalents:

We consider all cash and highly liquid financial instruments with original maturities of three months or less when acquired, which are neither held for nor restricted by donors for long-term purposes, to be cash and cash equivalents. Cash and highly liquid financial instruments restricted to endowments that are perpetual in nature, or designated by our Board of Trustees for long-term purposes, are excluded from this definition.

[6] Investments:

We record investment purchases at cost, or if donated, at fair value on the date of donation. Thereafter, investments are reported at their fair values in the statements of financial position. Net investment return or loss is reported in the statements of activities and consists of interest and dividend income, realized and unrealized capital gains and losses, less external and direct internal investment expenses. Gains and losses on sales of investments are determined using the average cost method.

The fair value for stocks, mutual funds and exchange traded funds ("ETF's") are based on quoted market prices, and U.S. government securities and collective investment trusts are based on quoted prices for similar instruments in active and inactive markets. We use the net asset value ("NAV") per share, as provided by the management of limited partnerships, to estimate the fair value of investments in limited partnerships which do not have readily determinable fair values. The fair value estimates of these assets do not necessarily represent amounts that might be realized upon their ultimate disposition and the differences may be material. Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of our investments. Accordingly, the valuation of investments may not necessarily be indicative of amounts that could be realized in a current market exchange.

[7] Land, buildings and equipment:

Land, buildings and equipment is stated at cost, or if donated, at their approximate fair value at the date of the donation, less accumulated depreciation. Depreciation is provided using the straight-line method over the estimated useful lives of the assets, which range from three to forty years, or in the case of capitalized leased assets or leasehold improvements, the lesser of the useful life of the asset or the lease term. It is our policy to capitalize property and equipment over \$2,000. Lesser amounts are expensed. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed.

[8] Impairment of long-lived assets:

We evaluate the recoverability of our investment in long-lived assets on an ongoing basis and recognize any impairment in the year of determination. We evaluated our long-lived assets for impairment as of September 30, 2021 and 2020, and in our opinion, there were no indicators of asset impairment. It is possible that relevant conditions could change in the future which necessitate a change in our estimate of the recoverability of these assets.

THE SEEING EYE, INC.

**Notes to Financial Statements
September 30, 2021 and 2020**

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[9] Revenue recognition:

We receive our primary operating and other support from contributions (including unconditional promises to give), legacies, trusts and investment assets appropriated for operations, which we recognize as revenue in the period received.

Unconditional promises to give which we expect to receive after one year are discounted at a rate commensurate with the risk involved, and an allowance for uncollectible contributions receivable is provided based upon factors such as prior collection history, type of contribution and nature of fundraising activity.

We recognize conditional promises to give, that is, those with a measurable performance or other barrier and a right of return, when the conditions upon which they were given are substantially met. There were no conditional promises to give as of September 30, 2021 and 2020.

At the date we receive notice of a beneficial interest in a perpetual or other charitable trust held by others, a legacy with donor restrictions is recorded in the statements of activities at fair value, and a corresponding beneficial interest in perpetual trusts or other charitable trusts held by others is recorded in the statements of financial position. Thereafter, beneficial interests in these trusts are reported at fair value in the statements of financial position, with changes in fair value recognized in the statements of activities.

Contributions of assets other than cash are recorded at their estimated fair value at the date of donations. Our volunteers contribute significant amounts of time to our program services, administration, and fundraising activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by U.S. GAAP.

[10] Release of restrictions on net assets held for acquisition of property and equipment:

Contributions we receive of property and equipment without donor-imposed stipulations concerning the use of such assets are reported as revenues without donor restrictions. Contributions we receive of cash or other assets, with a donor-imposed restriction that such donation is to be used to acquire property and equipment, are reported as revenues with donor restrictions. Such restrictions are satisfied at the time the assets are placed in service.

[11] Income taxes:

We have been recognized by the Internal Revenue Service (the "IRS") as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. We are annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. In addition, we are subject to income tax on net income that is derived from business activities that are unrelated to our exempt purpose, and we annually file an Exempt Organization Business Income Tax Return (Form 990-T) with the IRS to report our unrelated business income.

U.S. GAAP requires an entity to record a tax benefit or liability associated with a tax position taken on a tax return when it is more likely than not the position would be sustained upon audit by a taxing authority. We do not believe we have taken, or expect to take, any material uncertain tax positions on our tax returns that would require us to record a tax liability, interest or penalties or a tax benefit as of September 30, 2021 and 2020.

THE SEEING EYE, INC.

Notes to Financial Statements September 30, 2021 and 2020

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[12] New accounting pronouncement:

In September 2020, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2020-07, Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets. The ASU requires nonprofits to change their financial statement presentation and disclosure of contributed nonfinancial assets, or gifts-in-kind. Under the new standard's requirements, gifts-in-kind are to be presented as a separate line item, instead of remaining grouped among contributions of cash and other financial assets, on the statement of activities. The ASU requires the new standard to be applied retrospectively, with amendments taking effect for annual reporting periods beginning after June 15, 2021. We do not expect the adoption of this standard to have a material impact on the financial statements.

[13] Subsequent events:

We have evaluated subsequent events through December 16, 2021, the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

U.S. GAAP requires we report certain assets and liabilities at fair value in our financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly exchange transaction in the principal, or most advantageous, market at the measurement date. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own determination about the assumptions market participants would use in pricing the asset or liability based on the available information.

In determining fair value, we use various approaches, including market, income and/or cost approaches. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three-tier hierarchy categorizes the inputs as follows:

- Level 1: Values are based on unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2: Values are based on quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in inactive markets; or inputs that are derived principally from or corroborated by observable market data.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The financial instruments within the fair value hierarchy are based on the lowest level of any input that is significant to the fair value measurement. The valuation levels are not necessarily an indication of the risk or liquidity associated with the underlying assets and liabilities.

We monitor the availability of observable market data to assess the appropriate classifications of financial instruments within the fair value hierarchy, including discussions and assessments of fair value measurements with internally responsible personnel as well as investment advisors regarding the methodology used to develop and substantiate unobservable inputs used in Level 3 fair value measurements. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such circumstances, the transfer is reported at the beginning of the reporting period.

Depreciation expense for each of the years ended September 30, 2021 and 2020 for leased office and garage space recorded under a finance lease approximated \$84,000.

NOTE E - SPLIT-INTEREST AGREEMENTS

We recognize revenue and related asset and liability when an irrevocable split-interest agreement naming us as trustee or fiscal agent is executed. When an unrelated third party acts as trustee or fiscal agent, we recognize contribution income when we are notified of the agreement's existence and all relevant information is made known to us.

[1] Beneficial interests in perpetual trusts held by others:

We have been named as an irrevocable beneficiary of several perpetual trusts held and administered by independent third parties, in accordance with stipulations of the donors who established them. Therefore, we have neither possession nor control over the assets of the trusts. Under the terms of these trusts, we have the right to receive our portion of the income earned on the trust assets in perpetuity, but we are not entitled to receive the assets held in trust. The fair value of the trusts is computed at the present value (5% discount rate at September 30, 2021 and 2020) of the estimated future cash flows to be received from the trusts.

[2] Beneficial interests in other charitable trusts:

Beneficial interests in other charitable trusts are arrangements in which a donor establishes and funds a trust that is administered by an independent third party in accordance with the stipulation of the donor. Under the terms of these trusts, we may have the right to receive a portion of the income earned on the trust assets for a finite period of time and/or, in certain instances, may be entitled to receive our portion of the trust assets upon the termination of the trust. The fair value of the trusts is computed at the present value (discount rates ranging from 4.0% to 5.0% at September 30, 2021 and 2020, respectively) of the estimated future cash flows to be received from the trusts. The fair value of the trusts is recorded as net assets with donor restrictions, and the changes in the fair value of the trusts have been reported in the statements of activities.

NOTE E - SPLIT-INTEREST AGREEMENTS (CONTINUED)

[3] Charitable gift annuities:

Under charitable gift annuity agreements, we receive immediate and unrestricted title to contributed assets in exchange for our promise to make fixed payments to designated beneficiaries. We hold the assets received in segregated funds and record the liability to the beneficiaries at the present value of the estimated future payments expected to be made to them. Upon receipt of the assets establishing the charitable gift annuity, contribution revenue is recognized in an amount equal to the fair value of the assets received less the liability to the beneficiaries. Subsequently, the liability is reduced by payments made to the beneficiaries. Annually, we revalue the liability to the present value of the estimated future payments to be made to the designated beneficiaries and the changes resulting from this revaluation are reported in the statements of activities. The liability for future payments to beneficiaries approximated \$920,000 and \$971,000 at September 30, 2021 and 2020, respectively, and is included in accounts payable and accrued expenses in the statements of financial position.

NOTE F - BONDS PAYABLE

Bonds payable at September 30, 2021 and 2020 consists of the following bonds issued through the New Jersey Economic Development Authority ("NJEDA"):

	<u>2021</u>	<u>2020</u>
New Jersey Economic Development Authority bonds – 2015, due March 1, 2025 with interest at a rate of 5.0%	\$ 14,085,000	\$ 14,085,000
New Jersey Economic Development Authority bonds – 2017, due June 1, 2032 with interest rates of 3.0% and 5.0% (weighted average rate of 4.48%)	19,340,000	19,340,000
	33,425,000	33,425,000

	<u>\$ 35,237,000</u>	<u>\$ 35,572,000</u>

2015 Bonds:

The 2015 Bonds were issued on March 4, 2015. The proceeds of the bonds (\$17,223,000) were used to provide a portion of the funds for the redemption of bonds issued in 2005 and to pay certain costs of issuance of the 2015 Bonds. Semiannual interest payments are payable on September 1 and March 1.

2017 Bonds:

The 2017 Bonds were issued on December 5, 2017. The proceeds of the 2017 Bonds (\$21,985,000) were used to defease (through an advance refunding) the principal and interest due on bonds issued in 2012 and to pay certain costs of issuance of the 2017 Bonds. The 2017 Bonds are subject to optional redemption by the NJEDA, at the written direction of the Organization, in whole or in part on any interest payment date on or after December 1, 2027 at a redemption price of 100% of the principal amount redeemed together with accrued interest thereon to the redemption date. Semiannual interest payments are payable on December 1 and June 1.

NOTE F - BONDS PAYABLE (CONTINUED)

The bond premium (net of debt issuance costs) at the dates of the issuance of the 2015 and 2017 Bonds was \$2,674,000 and \$1,028,000, respectively, and are being amortized over the life of the respective bonds using the effective interest rate method. The resulting effective interest rate on the 2015 and 2017 Bonds is 2.81% and 4.00%, respectively. Amortization of the net bond premiums and debt issuance costs, and the effect on the reduction in interest expense for the next five years ending September 30 is as follows:

<u>Year Ending</u> <u>September 30,</u>	
2022	\$ 345,000
2023	356,000
2024	367,000
2025	197,000
2026	73,000

The redemption price of principal and interest on the 2015 and 2017 Bonds are payable solely from payments to be made by us under our loan agreements with the NJEDA. The 2015 and 2017 Bonds are collateralized, on a parity basis, by all contributions, donations, legacies, gifts, grants and pledges received without donor restrictions, whether in the form of cash, securities or other personal property, in an amount up to the annual debt service requirements, plus the greater of \$50,000 or fees and expenses of the trustee and the NJEDA for the prior bond year.

Interest expense incurred on the bonds payable for the years ended September 30, 2021 and 2020 consists of the following:

	<u>2021</u>	<u>2020</u>
Interest paid	\$ 1,571,000	\$ 1,571,000
Amortization of bond premium and debt issuance costs, net	(335,000)	(325,000)
	<u>\$ 1,236,000</u>	<u>\$ 1,246,000</u>

The fair value of the bonds payable is \$39,099,000 and \$39,052,000 at September 30, 2021 and 2020, respectively. The fair value of the bonds was determined by an investment firm using estimated yields for securities with similar characteristics.

NOTE G - RETIREMENT PLANS

We maintain a defined benefit pension plan (the "Plan") covering substantially all of our employees who have attained the age of 21 years and completed one year of service. In addition to providing pension benefits, we provide certain healthcare benefits for eligible retirees.

All pension assets held by the Plan are deposited into funds that invest in equity securities, government and corporate bonds, and short-term investments. Annual contributions made to the Plan are based upon funding requirements under the Employee Retirement Income Security Act of 1974. As of September 30, 2021 and 2020, the pension fund assets are invested 60% in equity securities and 40% in debt securities. The investment strategy for the Plan is established by the Board of Trustees' Finance and Investment Committee to provide for growth of capital with a moderate level of volatility by investing assets per the target allocations. The investment policy is reviewed on a regular basis, to determine if the policy should be changed.

NOTE G - RETIREMENT PLANS (CONTINUED)

The expected long-term rate of return for the pension assets is 5.5% as of September 30, 2021 and 2020, respectively. This rate was developed by estimating the expected long-term real return for each asset class within the portfolio, computing an average weighted real rate of return for the portfolio as a whole, reflecting both the Plan's expected asset class allocation and the correlations between the various asset classes.

The following tables set forth the Plan's funded status and amounts recognized in the statements of financial position as of September 30, 2021 and 2020:

2026	2,681,000	430,000
2027 - 2031	13,142,000	2,661,000

The expected cost of retiree health and life insurance benefits is charged to expense during the years that the employees render services. The assumed health care cost trend rate used to project the expected cost of benefits covered by the postretirement benefit plan for the year ended September 30, 2021 is 5.0% for medical costs, and 6.5% for prescription costs. Thereafter, the trend rate is assumed to decrease annually until it reaches an ultimate rate of 4.5% in 2030 for medical and prescription costs.

We also maintain a 403(b) defined contribution plan, covering all employees who normally work more than 20 hours per week. Employees are immediately eligible to make contributions to the plan upon their date of hire and are eligible to receive matching employer contributions upon the completion of one year of service. We have the discretion to vary the employer matching contribution rate. In the years ended September 30, 2021 and 2020, we matched 100% of an employee's pre-tax contributions up to the first 3% of salary contributed to the plan, and 50% of an employee's contributions for the next 3% of salary contributed. Each employee directs the investment of the assets contributed to the plan on their behalf. Our matching contributions for the years ended September 30, 2021 and 2020 were \$377,000 and \$370,000, respectively.

NOTE H - LEASE OBLIGATIONS

[1] Finance lease obligation:

Effective January 1, 2009, we entered into a noncancellable finance lease for office and garage space with a minimum lease term of 30 years. The lease has two 10-year renewal options. The following is a schedule, by year, of future minimum lease payments under this lease, together with the present value of the net minimum lease payments, as of September 30, 2021:

<u>Year Ending September 30,</u>	
2022	\$ 189,000

The present value of net minimum lease payments shown above is calculated based on an interest rate of 6.16%.

[2] Operating lease obligations:

We are obligated under several noncancellable lease agreements for office equipment and do not have any renewal options. Leases with an initial term of twelve months or less are not recorded on the statement of financial position. Total lease expense for the years ended September 30, 2021 and 2020 was \$28,000 and \$26,000, respectively. The weighted average remaining life of these leases was approximately 3.1 and 2.3 years and the discount rate was 3.25% as of September 30, 2021 and 2020, respectively. The present value of these lease obligations was \$74,000 and \$51,000 at September 30, 2021 and 2020, respectively, and is included in accounts payable and accrued expenses. A corresponding right-of-use asset is included in prepaid expenses and other assets at September 30, 2021 and 2020. The following is a schedule, by year, of future minimum lease payments under these leases, together with the present value of the net minimum lease payments, as of September 30, 2020:

NOTE J - ENDOWMENT AND BOARD-DESIGNATED FUNDS

Our Endowment and Board-designated net assets consist of funds established for a variety of purposes and include 13 donor-restricted funds and funds designated by the Board of Trustees to function as endowments (Board-designated funds). Net assets associated with these funds are classified and reported based upon the existence or absence of donor-imposed restrictions.

We have interpreted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") as requiring the preservation of the fair value of the original gift as of the gift date to the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, we retain in perpetuity: (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations and decrements to the permanent endowment made in accordance with the direction of the applicable donor gift instrument.

NOTE J - ENDOWMENT AND BOARD-DESIGNATED FUNDS (CONTINUED)

The remaining portion of the donor-restricted endowment fund that is not retained in perpetuity is included in net assets with donor restrictions, until those amounts are appropriated for expenditure by our Board of Trustees in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, we consider the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) the duration and preservation of the fund;
- (2) the purposes of the Organization and the donor-restricted endowment fund;
- (3) general economic conditions;
- (4) the possible effect of inflation and deflation;
- (5) the expected total return from income and appreciation of investments;
- (6) other resources of the Organization; and
- (7) the investment policies of the Organization.

Endowment and Board-designated net assets' composition by type as of September 30, 2021 and 2020, is as follows:

NOTE J - ENDOWMENT AND BOARD-DESIGNATED FUNDS (CONTINUED)

Our Board of Trustees has adopted an investment spending rate policy for endowment and board-designated net assets designed to provide a predictable flow of funds to support annual operating activities. The spending policy is intended to balance current spending needs and preserve the future purchasing power of the endowment and board-designated net assets. Under the investment spending policy, the Board of Trustees appropriates endowment and board-designated funds to support operations at a level of 5% of the 12-quarter moving average of the fair value of such funds as of June 30 of the year immediately preceding the beginning of our fiscal year. The Board of Trustees sets the percentage spending rate and may approve special allocations from time to time, if determined to be necessary. Any excess of the amounts appropriated pursuant to this policy over actual amounts used by operations, are returned to the endowment and board-designated funds for use in future years.

Changes in endowment and board-designated net assets for the year ended September 30, 2021, are as follows:

NOTE J - ENDOWMENT AND BOARD-DESIGNATED FUNDS (CONTINUED)

The return objectives, risk parameters and strategies we employ for achieving the objectives of our various endowments are:

[1] Donor-restricted endowments:

Certain donor-restricted endowments are invested in U.S. government securities or fixed income securities pursuant to stipulations of the donors. We have adopted investment and spending practices for our remaining donor-restricted endowment assets that attempt to provide a predictable stream of funding to programs supported by the endowment, while seeking to preserve the original value of the gift.

[2] Board-designated funds:

The board-designated funds consist of (a) investments that have been board-designated for long-term investment purposes, and (b) investments segregated for use in meeting our obligations under charitable gift annuity contracts.

The Board of Trustees has adopted investment objectives and policies for the board-designated long-term endowment fund and has delegated oversight authority over this fund to the Trustee's Finance and Investment Committee (the "Committee"). The overall objective of this fund is to provide a reliable, recurring level of financial support of the Organization's programs, consistent with maintaining the fund's purchasing power over time and sufficient to ensure the Organization's prudent ability to plan strategically for the long-term continued success of its mission. The primary objective of the Committee is to seek stable total real returns over the long-term, while ensuring adequate current liquidity and cash flow to meet operating needs and with an emphasis on preservation of the fund's principal. The Committee has the discretion to determine the portfolio composition and asset allocation of the fund, both by asset class and within each class. As of September 30, 2021, the assets of this fund were invested as follows: stocks, stock mutual funds and collective investment trusts (60%), fixed income and short-term investments (7%), commodity exchange traded funds (3%) and limited partnerships (30%).

The Board of Trustees has authorized the establishment of a segregated fund to meet our obligations under charitable gift annuity contracts and adopted an investment policy for such funds designed to provide for long-term growth of capital. To achieve this objective, the policy targets a diversified asset allocation that places a greater emphasis on equity-based investments. As of September 30, 2021, the assets of this fund were invested 60% in stock mutual funds, 37% in bond mutual funds and short-term investments, 2% in REIT mutual funds, and 1% in cash and short-term investments.

[3] Underwater Endowments:

From time to time, certain donor-restricted endowment funds may have fair values below the amount required to be maintained by donors or pursuant to UPMIFA ("underwater endowments"). While we have interpreted UPMIFA to allow us to spend from an underwater endowment in accordance with prudent measures required by law, as a general rule we do not appropriate from underwater donor-restricted endowments. There are no underwater endowments as of September 30, 2021 and 2020.

NOTE K - SIGNIFICANT RISKS AND UNCERTAINTIES

[1] Concentration of cash balances:

Our cash is maintained in bank deposit accounts, which, at times, may exceed federally insured limits. We have not experienced any losses in such accounts and, we believe we are not exposed to any significant credit risk on cash and cash equivalents.

[2] Litigation:

From time to time, we are a party to litigation and other claims in the ordinary course of our operating activities. In our opinion, the ultimate resolution of these matters will not have a significant effect on our financial position, changes in net assets or cash flows.

[3] Coronavirus:

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of our investments and donor contributions will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are affected for an extended period, we may be materially adversely affected.

On March 27, 2020, Congress enacted the Coronavirus Aid Relief, and Economic Security Act ("CARES Act"). The Employee Retention Credit ("ERC"), established by the CARES Act, provides businesses, including not-for-profit organizations, with funding to assist in the payment of payroll and employee health care costs during COVID-19 outbreak. During the year ended September 30, 2020, we received ERC funding totaling \$533,000, which is included in other revenues in the statements of activities.

NOTE L - TRANSACTIONS WITH RELATED PARTY

During the years ended September 30, 2021 and 2020, Senior Executives of Morgan Stanley were trustees of the Organization. Fees paid to Morgan Stanley, in respect to investment funds managed by Morgan Stanley, for the years ended September 30, 2021 and 2020 were approximately \$117,000 and \$143,000, respectively.

NOTE N - AVAILABILITY OF FINANCIAL RESOURCES

It is our practice to structure our financial assets to be available as general expenditures, liabilities and other cash obligations come due. We invest cash in excess of our daily requirements in short-term money market investments.

To meet our expenditure obligations, we rely upon contributions from our donors, legacies, trust income and investments assets appropriated for operations by our Board of Trustees. Although, the long-term investment fund of \$332,599,000 is board designated (other than amounts appropriated for expenditure as part of our Board's annual spending rate policy described in note J), it is included in the schedule below because these amounts could be made available by the Board if necessary to meet our cash requirements. Financial assets available within one year for general expenditure, such as operating expenses, scheduled lease payments, capital expenditures and other cash obligations were as follows at September 30, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
