GUIDE DOG AT WORK

Keep Guide Dog Teams Safe!

GUIDE DOG
at work

Guide dogs work to help people who are blind safely navigate the world. It is crucial that pet owners keep their dogs at a safe distance away from a guide dog team. While it may seem harmless for pets to visit with a guide dog at work, that dog is responsible for leading someone who cannot see.

Please follow these tips to help keep guide dog teams safe:

- Keep your dog away from guide dogs at work.
- Let the blind person know you are there and have a dog with you.
- Don’t let someone walk your dog that is unable to control it.
